

HOLIDAY SCHEDULE

HOLIDAY SCHEDULE QUESTIONNAIRE

Please indicate whether or not you prefer to share (i.e. divide the day(s)) or alternate (i.e. Father has odd years, Mother has even years, etc.) a holiday with "S" signifying share and "A" signifying alternate (S/A)*.

Please define a holiday by specifying the days and times that access begins and ends. Also, if you choose to "share", also indicate the time when the children transfer between parents during the holiday. Please cross out any holiday that you do not want.

The "Comments" section at the end of the document provides for any information you feel I need to know in order to facilitate a workable Holiday schedule, including but not limited to: already scheduled holiday plans, out of town vacations, government holidays that you do or do not have off from work and provide good/bad opportunities for visitation, etc.
